

ORLEN OIL AGRO BASIC 15W-40

General features

Mineral multigrade oil for diesel engines. Oil developed for agriculture, dedicated to tractors and other machinery for work in field. Quality base oils combined with an excellent choice of enriching additives guarantee effective engine lubrication.

Guarantee:

- excellent engine performance in all operating conditions;
- engine cleanliness by keeping contaminants in suspension;
- longer oil change intervals;
- maximised engine output in extreme conditions.

Application

ORLEN OIL Agro Basic 15W-40 is engine oil recommended for heavy-duty diesel engines operated in Spring, Summer and Autumn. Suitable for engines conforming to Euro V, IV and lower standards. Recommended for use in tractors, combines and other agricultural machinery with this viscosity and quality grade specified by manufacturers.
